

Thank you for considering me for the position of SNACC Secretary/Treasurer. I am currently the Division Head of Neuroanesthesia at the University of British Columbia (Vancouver, Canada) and Chair of the Canadian Anesthesiologists' Society Neuroanesthesia Section. I am actively engaged in neuroanesthesia research and education at my institution. Since completing my Neuroanesthesia fellowship at UCSF in 2011, I have taken on many roles at SNACC, currently including Director-at-Large on the Board, Chair of the Scientific Affairs Committee, SNACC Representative on the Journal of Neurosurgical Anesthesiology Board, member of the International Council on Perioperative Neuroscience Training Executive Committee, and a member of the Diversity and Inclusion Committee.

If elected, I would support SNACC in its ongoing missions of advancing research and education in neuroanesthesia. SNACC, like all medical societies, will need to continue to evolve with an increasingly international and diverse medical community. It is critical that we continue to connect and mentor junior colleagues from around the world, for example through our recent establishment of international abstract travel awards with other neuroanesthesia organizations. I am also committed to promoting diversity and inclusivity within SNACC by recognizing barriers and making SNACC accessible to all members. Finally, I would ensure SNACC remains the best place to network with experts in the neurosciences and an international leader in neurosciences education.

Overall, I would be honored to have the opportunity to serve further and, if elected, I would offer my unwavering enthusiasm and commitment to ensuring a successful future for SNACC.
