Services to SNACC (limit to no more than 5 most significant services):

- Chair of Membership
- WINNER in Focus for SNACC Newsletter
- SNACC nominating committee 2021
- Advanced Neuroanesthesia Curriculum for Neuro Classroom
- Member of the Quiz Team

Relevant leadership experience (limit to no more than 5):

- Neuroanesthesia Director - OHSU, Dept of Anesthesiology

Your commitment to diversity, equity and inclusion (limit 50 words):

I have published editorials illuminating the limitations of structural racism in education and lectured on DEI and mindsets for faculty development. I have conducted surveys on DEI and I have recently completed course work on strategic planning in the area Diversity and Inclusion through Northwestern University (Leading Racial Equity and Inclusion in organizations online program). I have received grant support from the ASA's Professional Diversity Committee for a pipeline project to increase interest in health care among middle school and high school students.

How do you envision advancing SNACC as a Director at Large (limit 150 words):

Application for SNACC Director-at-large 2022 : Entry # 45

Having served on the BOD for the last 3 years and as Chair of membership, I have had an opportunity to see considerable development of many aspects of SNACC, i.e. Education, DEI, the WINNERS program, Coaching, more global outreach, ICPNT, and our trainees. organization and more.. These next 3 years, I would like to focus my attention to developing strategies for broadening DEI efforts to be more inclusive in regards to our national and international members, promote and support efforts to increase trainee involvement in SNACC, and consider ways of promoting health equity education in our NA curriculum. I am well aware of the commitment required as a member of the BOD and I plan to continue to support the mission of SNACC in advancing NS research and education with attention to our future NA, researchers, and educators.

Anything else you would like considered in your candidacy (limit 50 words):

I would like to add that I will be transitioning to UW in June of 2022 and plan to assume the role of Neuroanesthesia fellowship director. I do plan to increase my involvement in ICPNT in order to support fellows at UW as well as in all of our national and international programs.
